

Leading the EMR revolution!

EMR for Dermatology

Are you a Dermatologist seeking a quality, specialty specific Electronic Medical Record (EMR) solution for your practice? If so, EMR Experts has the solution. Our EMR software solutions have been customized to meet the specific needs of the Dermatology specialty featuring many custom templates and dermatology specific content for history of present illness (HPI), complaints, review of systems (ROS), drug prescribing, physical examination and coding. The software also incorporates an electronic super-bill and E&M coder that has been customized for the dermatologist. We recognize that no system has it all, which is why we will work with you to customize the software to your exact needs. EMR Experts truly offers the very best EMR software solutions for the dermatology specialty.

Dermatology Specific EMR Features

Typical dermatology specific templates that can be further customized to suit your practices' specific needs include:

- Dermatology Specific SOAP Templates
- Varicose Vein Templates
- Cold Sore Templates
- Skin Cancer Templates
- Psoriasis Templates
- Before and After Reports
- Acne Visit
- Dermatology Images (Image of each body part for describing lesions, rashes, etc.)
- Before and After Photo Comparisons

Why every healthcare office needs to convert to EMR software?

- Increased productivity and reduced expenses
- Patient encounters are documented quickly and information flows more quickly to office personnel.
- See more patients without decreasing the amount of time you spend with each patient
- Eliminate transcription and chart-pulling expenses
- Improved E&M coding
- Documentation is consistent and legible
- Coding recommendation via E&M Level Coding
- Improved and streamlined communication within your practice
- Document each step of medical decision making within your practice
- Track communication activities between each person within your practice
- Alert people within your practice of urgent matters
- Document phone calls and route to appropriate staff person for follow-up

Our EMR solutions can be purchased on their own to integrate with your existing practice management/[medical billing software](#) or with our integrated [practice management software](#)

If you're thinking about converting to EMR and would like to see a demonstration or simply need to have some questions answered please call EMR Experts at 877-367-1367 or visit us on the web at www.emrexperts.com
